

# BEST AMERICAN TRAMPOLINES MEASUREMENT GUIDE | FRAME PADS

## MEASURE YOUR BEST AMERICAN TRAMPOLINE

The diagram and information included in this guide will assist you with measuring your trampoline for replacement frame pads. If you have questions or need assistance, please contact our customer service team.

01. Measure one end of your trampoline from the outside edges of the frame.

Record measurement here: \_\_\_\_\_

02. Measure one side of your trampoline from the outside edges of the frame.

Record measurement here: \_\_\_\_\_

03. Standing on the side of the trampoline, measure from the outside of the frame to the interior edge of the stitching on the jumping surface.

Record measurement here: \_\_\_\_\_

04. Standing on the end of the trampoline, measure from the outside edge of the frame to the interior edge of the stitching on the jumping surface.

Record measurement here: \_\_\_\_\_

- Measure the circumference of the pipe using a flexible tape or string.

Record measurement here: \_\_\_\_\_

- Indicate if your trampoline has double or single pipe ends? (Check One)

Double Pipe Ends \_\_\_\_\_ Single Pipe Ends \_\_\_\_\_

- Does your trampoline have double or single pipe sides? (Check One)

Double Pipe Ends \_\_\_\_\_ Single Pipe Ends \_\_\_\_\_

Completed forms can be emailed to [info@bestamericantrampolines.com](mailto:info@bestamericantrampolines.com).

**PRO TIP** - Ensure that the jumping surface is properly attached to the frame before you begin measurements.
